Any descriptive words concerning Robert are inadequate without being laudatory and glowing to a certain extent.

DEWITT SMITH

Baseball, '34; Basketball, '34; Football, '34, '35; Monogram Club, '35; Spanish Club, '35.

Kate holds her friends not by golden speech but by just being the kind of friend her friends like to have. She's mighty quiet, but then quietness has its advantages.

LILLIE MAE THOMPSON

Monitor, '32, '33.

Lillie Mae is a lovable person, having a human sympathy that is lacking in so many of us. Though ever busy, she can always find time to dispel another's "blues" by her comforting words.

ETHEL ALICE SUMNER

Spanish Club, '35, '36.

Alice is often quiet and thoughtful. She speaks little; but when she does, her words are the result of careful thought.

JENNIE VAUGHN TOMLIN

French Club, '35, '36; Girls' Glee Club, '36.

Jennie is a rare combination of seriousness and fun. She is never too busy to lend a helping hand, never too busy to mix a little bit of fun with her work.

DOROTHY G. WALTERS

Monitor, '34, '35; French Club, '35, '36; Girls' Athletic Association, '33, '34, '35; Archery, '34, '35.

Dorothy is about to decide to be an organist. From what we know, she would make a fine one. She is sweet, tactful, and industrious.

FRED F. WELLS

Fred is usually a solemn fellow—solemn as a judge, but when the occasion demands, he can be as jolly and mischievous as anyone. When he wishes to do anything, he can do it.

GATES J. WILLIAMS

Baseball, '32, '33, '34; Monogram Club, '32, '33, '34; Monitor, '33; Hi-Y Club, '33; Pres. Junior Class, '33; Marshal, '33; Monitorial Council, '33; Junior Assistant Chief, '33; Senior Class Treasurer, '36; Chief Monitor, '35.

Gates is an excellent student, a thorough worker, and a good sport, a boy of strength of character and ideals, essentially a gentleman.

BESSIE C. WILSON

Bessie, at first sight, appears a little indifferent; but upon closer inspection we find that her indifference is only a nice reserve.

IKE M. WILSON

Monitor, '33, '34, '35; Monitorial Council, '34; Marshal, '35, '36; Assistant Editor, '36; French Club, '35, '36; Hi-Y Club, '35, '36.

Ike never allows his lessons to bother him, but he seems to get along with his work. He is popular, not only in the eleventh grade, but in the entire high school.

MAXINE L. WILSON

Girls' Athletic Association, '34; Monitor, '34, '35; Spanish Club, '36.

Maxine is not only one of the most attractive girls in the Senior class, but she is always cheerful and gay. To laugh is easier than to frown for her. She tosses care to the winds and has a good time, even if she has to make the means.

CHARLTON W.
WINCHESTER, JR.

Class Basketball, '34, '36; Football, '32.

Charlton has never taken to study super-seriously, because he hasn't thought it necessary. To say that he is a ladies' man would be putting it mildly. In short, Charlton is a good sport.

DIXON A. WOOD

Football, '36.

You will always find Dixon in a good humor; this is half of the battle. But what of the other half? He needs lessons in hard, earnest, honest-to-goodness work. He is valuable as a member of our class, and we could not afford to lose him.

LAST WILL AND TESTAMENT

WE, the members of the class of 1936 of Gastonia High School, realizing that the hour of our departure is approaching, and that many things indispensable to our life in G. H. S. will not be essential in our future careers, determine it wise to bestow the following upon the beneficiaries herein named:

Item I: We give and bequeath to our faculty our thanks and appreciation for their kindly interest in all our problems and their constant efforts to guide us to the solution of those problems.

Item II: We give and bequeath to the Juniors, to be disposed of as they see fit, our so-called dignity, our fertile brains, and our numerous and zealously guarded senior privileges.

Item III: We give and bequeath to the Sophomores, to be divided equally among them, our untiring energy and fondness of work.

Item IV: We give and bequeath to the Freshmen our fine record and noble example, so that they may be satisfied to abide by all rules and regulations, however cruel they may seem.

Item V: I, Jack Abernathy, do bequeath my surplus stature to Thomas Grant.

Item VI: I, Clara E. Newton, do bequeath my family pride to Margaret Skinner.

Item VII: I, Robert S. Brawley, do bequeath my "Maudie" to Billy Loftin, in hopes that he'll not be at a loss as to what to do with her. If he needs any suggestions, my address can be had from said lady.

Item VIII: I, Martha Adams, do bequeath my "trot fast, my Dapple Gray" walk to Jessamine Boyce.

Item IX: I, Flowers Clark, do bequeath my delight in arguing about non-essentials and in discussing everything from A to Z except the lesson, to Truman Martin, in the hopes that he may take my place as chief filibusterer of the school.

Item X: I, Vernie Bradshaw, do bequeath my good taste in selecting clothes and my elegantly neat appearance to Myrle Hancock.

Item XI: I, Mary Lillian Rankin, do bequeath my ability to read the part of Lady Macbeth to please Miss Mims, to Harriet Goldberg.

Item XII: I, Alice C. Smith, do bequeath my lyric soprano voice to Miss Scarboro to use in her glee club in the years to come.

Item XIII: I, G. K. Millen, Jr., do bequeath my watch with the second hands to Mr. Whisnant, in the hopes that he will no longer a borrower have to be.

Item XIV: We, Sarah Sue Moss and Maxine Wilson, do bequeath our Spanish grades to Fred Byrd.

Item XV: I, Robert Miller Howard, do bequeath my golden-tongued oratorical ability to Arthur Dixon.

Item XVI: I, Mildred McKee, do bequeath my self-satisfying, gurgling giggle to Rufus Miller.

Item XVII: We, Dorothy Walters, Sara Spargo, and Margaret Hoffman, do bequeath our loud mouths to the highest bidders, of whom we expect J. V. Richardson, Gene Silverstein, and Billy Jumper to tie for honors.

Item XVIII: I, Porter Stiles, do bequeath my "way with the men" to Catherine Sappenfield.

Item XIX: I, Pete Leventis, do bequeath my frantic and pestering interest in grades, just after every test, to J. L. Suggs.

Item XX: We, Bob Lasater and Ike Wilson, do bequeath our puny puns and nit-witty remarks to Jimmy Moser and Graham Armstrong.

Signed and sealed, this, the twelfth day of March.

SENIOR CLASS HISTORY

FOUR short years ago the Class of '36 entered Gastonia High School. Short skirted, beknickered, tiny, timid, as most of us were, we gazed around us in awe. We wondered if we would ever be able to stroll so casually and independently about the halls and campus as did our superiors, or if we would ever have enough nerve to make speeches before the whole student body and faculty. The large number of students, the various ringings of the bells and buzzers, the beautiful building and grounds, and the rules and customs amazed, astonished, and bewildered all of us. Finally, however, with Robert Miller Howard as president and Miss McWhorter as sponsor, we began to become acclimated and to appreciate and make use of the fine facilities for education offered us here.

When we became sophomores, our class had diminished somewhat in number, but not in spirit. How superior it felt to be one whole grade ahead of the new crowd of freshmen! Elizabeth Belue was president and Miss Bass, sponsor. Our class was represented in practically every sport of the school, both boys and girls participating in athletics the year round. Many students were on the honor roll (far more girls than boys).

Then, in the fall of 1934, our junior year started. Dan Moore was president and Miss King, sponsor. The extra-curricular activities really began this year. Juniors were admitted to the Hi-Y Club, Spanish Club, and French Club. Many members of our class were on the varsity athletic teams. For the first time archery was introduced by Mrs. Whisnant, for the girls. As juniors, we had a greater sense of responsibility for the school than ever before.

Then came the biggest year of all—our last. Walker Gunter was elected president; Dorothy Wallis, vice-president; Sam Robinson, secretary; and Gates Williams, treasurer. Miss Jinsie Underwood, head of the history department, was sponsor. After mid-term examinations our SPINNER Staff was elected. The financing of the annual was a large problem. In order to solve it, the seniors sponsored a football game at the stadium and two moving picture shows. The annual Senior Class Play was presented on Friday night, March 6, 1936. What a play! What an audience! What acting! In short, *Annie Laurie* was a tremendous success!

Naturally, our principal and teachers were a very vital factor in the life of the class. When we entered high school in the fall of 1932, the depression was at its peak. As we are leaving this school as students, the depression is almost finished. With the help of Mr. Ashley and the teachers, the "Depression Class" is graduating.

As we, the class of '36—the largest in the history of the school—prepare to leave "old G. H. S." as students, we cannot help having a true feeling of sadness. We have really had a great and beneficial experience during these four years. When we obtain our diplomas and leave here as students, may we always strive to be worthy of having graduated from Gastonia High School—forever remembering our motto: "Character is the cornerstone of success".

DAN SHIELDS, *Historian*.

PROPHECY

IT was in the fatal year of 1950 that I met Pete Leventis and Ike Wilson in New York. Pete and Ike had been in the used car business with a motto of: "If he's a sucker, we'll stick him." They built up a fine business and prospered until the inventor, James Faysoux, perfected air transportation. Then they sold out their business and came to New York to live and enjoy life. Early in 1945 I had joined the U. S. Rocket Corp and at the time I met Ike and Pete, was serving under Captain Mack Anders.

The three of us exchanged the usual greetings, and Ike remarked that he could get us some dates in Mars if we only had a way to get there. When Pete suggested that I borrow one of the Government's rocket ships, I hesitated because I knew that since Sara Robbins, Jennie Vaughn Tomlin, Mary Katherine Kelly, Martha Adams, Dot Hanna, and Cecile Legare had formed a KEEP THE MEN AT HOME CLUB and had made some progress toward saving the Government's men and rocket ships—a policy which Senators Buck Gunter and Gates Williams heartily endorsed—I would have some difficulty. I managed, however, to steal one ship, and, declaring ourselves pirates, we left for Mars. While Pete and I were entertaining our dates, Alice Smith and Rougenia Petchios, we were arrested and returned to the United States to stand trial.

We immediately hired two noted criminal lawyers, Robert Miller Howard and Howard P. Allen, to defend us. We were doomed from the start, though, and when the day of the trial came, they admitted that they were at a loss as to what course we should take. They did, however, succeed in getting eight women on the jury, but as Pete was one of the defendants, this didn't help any. The eight women were Fannie Bradley, Thelma Holland, Fannie Little, Thelma Spargo, Mildred McKee, Geraldine McArver, Helen Coon, and Maxine Wilson. The jury said, "Guilty", and Judge Dan Shields said, "Ten years". So two days later Warden Hugh Pursley and two of his guards, Maurice Stewart and G. W. Millen, placed us behind the bars to serve a ten year term for treason.

Pete and I were happy, but Ike was despondent until some time later when we met five of our old classmates who were "in" for the same offense that we were. They were H. C. Barkley, Clyde Caldwell, Hal Blanton, Fred Hashagen, and Julius Lail. Ike learned from them that Hal's wife, the former Miss Louise Rockett, had accompanied them just as Eleanor had us, and would be in the woman's prison to keep Ike's wife from getting lonesome. Ike was happy after this.

Once every month both the men and women prisoners were turned into a large arena where all sorts of entertainment was furnished. The first night of this sort, however, was the only one of importance to me. I went first to the prison gym where we were to play the New York Celtics. The Celtics' lineup was as follows: Lawrence Davis and Bob Lasater at forward, Fred Schlagenhauf and Will Austin at guard, and Boyd Altman at center. As it happened, the prison team, coached by Sam Robinson, won.

THE SPINNER

Next I went to the prison theatre. As the curtain rose, whom should I see appear but G. W. Rockett! He sang the DAGGER SPEECH. The music for this number was written by Max Long and the words by Bill Shakespeare. (Contrary to the belief of some, Shakespeare was not a member of the class of '36.)

After G. W. finished his ordeal, three dainty bubble dancers, Sara Keller, Sue Phillips, and Corabel Fort came tripping on the stage. Everything went along just fine until Bob Abernethy, a member of the Parole Board, who was visiting the prison, just couldn't resist the temptation and shot Sara's balloon with a pin. The balloon didn't burst but began to descend slowly. The curtain was quickly drawn.

When it finally rose again, it revealed Billy Talley, the mighty man of muscle, who, with the aid of his pretty wife, the former Miss Sara Sue Moss, was to lift a five thousand pound dumbbell. Before Talley could perform his feat, a goat, that had escaped from the prison zoo, ran on the stage and ate the dumbbell. Marion Balthis, the goat's mistress, then rushed on the stage, took the goat in her arms, and ran all the way to the hospital with it. She said it had a sensitive stomach and that she was afraid that the lead used in the dumbbell wouldn't agree with it. A thorough examination and X-ray by Dr. John Morrow and Dr. Robert Black revealed that the goat had eaten only paper; so Talley's act was a flop and the goat was well.

The newsreel featured a fashion show at Miami Beach, and who should appear as models but Porter Stiles, Anne Stiles, Dot Wallis, Genevieve Herring, and Clara Newton! I later learned that they were working for Dewitt Smith and Mary Lillian Rankin, who were in the designing business.

The comedy (which wasn't the least bit funny) featured Jimmy Rawlings, Martin Frederick, Elizabeth Dixon, and Marie Dimmette. The featured attraction turned out to be the comedy when Evelyn Howell attempted to play the part of Lady Macbeth in a musical comedy.

Five years later two poor chemists, Dixon Wood and Katherine Little, completed their process for making artificial wood.

It was great news for us all when we heard that Professor Jack Abernathy, of Harvard, listed in the revised edition of his dictionary, the word "treason" as an adjective describing the kind of wood that grows on trees. Judge Luther Harrison (better known as "Red") said that since treason was an adjective rather than a crime, the government didn't have any reason for keeping us. So, in 1955, all ten members of the class of '36 who were serving prison terms for treason were set free.

We immediately decided to use a portion of Ike and Pete's remaining fortune to throw a big party in Gastonia for our old class. Vernie Bradshaw agreed to let us use her penthouse on the Crowders' Mountain Road for this purpose. It is needless to say that the party was a success. In the course of the evening my old friend and classmate, Robert Brawley, offered me a bed under his roof, a place at his table, and a position in his business. I accepted, of course, and since that time the prophet of the class of '36 has been enjoying physical and financial happiness.

FLOWERS CLARK, *Prophet.*

CLASS POEM—1936

WHO doesn't glory in climbing a hill,
In reaching its summit at last—
There in the glow of the rose setting sun—
To rest from the climb that is past?

Thus we've adventured together these years
With heartaches and pleasures combined,
Up to the heights where our daydreams are real,
And clouds in bright silver are lined.

Here we enjoy the rewards for our task
As others are seeking our place,
Turn to bid them aspire and attain,
We look toward the new goal we face.

Upward and onward our ambitions soar
As greater achievements unfold—
Never disheartened, we're striving each day
To future successes untold!!

HOWARD P. ALLEN, '36.

knowing you & hope
you'll remember me
for awhile at least.

THE Girls' Athletic Association, organized three years ago to give the girls of Gastonia High School an opportunity for physical development, has the largest membership of any club in high school. Over two hundred girls participate annually in the sports which are coached by Mrs. C. D. Whisnant, Physical Education Director and a most capable and interested sponsor. Swimming, basketball, baseball, track, and archery are held during the various seasons of the year. Each year representatives from eight neighboring schools are invited to participate in Play Day, a program for which the entire afternoon is set aside for team games, individual contests, and relays. May Day, with the Mother Goose theme, drew one of the largest audiences ever to witness a high school activity.

ARCHERY

ARCHERY is one of the most outstanding activities on the sports schedule of the girls of Gastonia High School. Each year a large group of girls participate in this sport. The Columbia and the American rounds were used. At the end of the practices, class tournaments were held. The highest scorers from each class were in the final meet, the winner of this being declared champion. Archery is taught most efficiently by the Physical Education Director, Mrs. C. D. Whisnant.

WE are indeed grateful to our coaches, Mr. Morgan and Mrs. Whisnant, who have not only wholeheartedly strived to put out a winning team but have gone far toward the promotion of good sportsmanship.

FOOTBALL

CONSIDERING their weight, size, and experience, the 1935 football team of G. H. S. went through a very successful season. Although the team will suffer heavy losses, it has some very good material. Coach Morgan, assisted by Mr. James Mullen of Duke University, who is practicing law in Gastonia, worked untiringly to produce a good team.

GIRLS' BASKETBALL

THE Gastonia High School girls' basketball team proved to be very successful this year, having won six games and lost only four. The team was led by Captain Fannie Little, a senior forward, whose ability was outstanding through the entire season, and by Co-Captain Amanda Newman, a junior guard, well known for her swiftness. Laree Windham and Catherine Little held the other forward positions, and the other guards were Helen Windham and Alice C. Smith. Regular substitutes were Ruth Winchester and Sarah Emma Morris as guards and Margaret Robinson as forward. Janice Little was an excellent manager and trainer, and the work of the coach, Mrs. C. D. Whisnant, did much toward developing a better girls' basketball team. The class championship was won by the seniors.

BOYS' BASKETBALL

ALTHOUGH the basketball team was not successful in winning any conference games, it was really a good team. There was an excellent feeling of cooperation among the members of the club. In the county tourney they defeated the '35 champs but were rubbed out in the 2nd game by the '36 champs. Gastonia was the only team that placed two players on the all county team.

BASEBALL

WE are very much interested in the prospects of our '36 Baseball Team. We feel that it is up to them to bring back Gastonia's name of being able to put out good athletic teams.

As several lettermen and some of the Junior League boys are on the team, we are confident that our prospects are good.

A WORD OF APPRECIATION TO OUR ADVERTISERS

TO the business men of Gastonia, we, the members of the Senior Class, the Faculty of the Gastonia High School, and the entire administration, including the City School Board, express our sincere and heart-felt appreciation for making the SPINNER of 1936 possible.

Without your cooperation and your willingness to advertise in our annual, it would have been impossible to have issued our publication. Accept, therefore, our deepest gratitude and our keenest appreciation.

Our hope is that your customers will be multiplied, business increased, and dividends enlarged.
